

**T. K. M. COLLEGE OF ARTS AND SCIENCE, KOLLAM**

**Internal Quality Assurance Cell**

**Action Taken Report for the Academic Year 2017-18**

The Internal Quality Assurance Cell (IQAC) of the T. K. M. College of Arts and Science has collected feedback on syllabus and the overall performance of the college from students, teachers, alumni and employers for the academic year 2017-18. The suggestions provided by the stakeholders were systematically categorized and grouped for further perusal. Based on the suggestions, the college initiated rigorous activities in order to achieve the vision set forth by the alumni, especially by expanding the scope of research in the college. In order to encourage research among students, and to keep them updated, the college provides e-learning resources. Suggestion regarding Communicative Skills training was addressed, and the English department initiated a programme titled “Enlightner: English for Empowerment (EEE), which exclusively focuses on communicative skills and the functional usages of language.

In order to improve the leadership quality among students, the college took various steps to motivate students to join the NSS (National Service Scheme) and NCC units and other programmes supported by the government like the WWS (Walk with the Scholar) and SSP (Scholar Support Programme). The two day residential camp titled “Youth Camp” organized by the NSS unit on November 10, 2017 is the best example. The proposals for conducting National and International seminars were given, and due steps were taken in the right direction. To encourage students in the field of social services, the college stood as a role model by donating houses to the needy in its Golden Jubilee Celebrations. Thus through a series of activities, students were encouraged to donate and willingly participate in such initiatives. The college also promotes participatory learning among students through assigning field projects, field trips, and student coordinated talks. The Math-forum titled ‘*sinofcos*’, organized by the Mathematics department is an instance in this regard.
