Janab A. Thangal Kunju Musaliar

The name of our founder Janab Thangal Kunju Musaliar is written in golden letters in the annals of the history of our country. Our founder has the rare privilege of being honoured by the Union Government with postal stamp and first day covers. Janab Musaliar was much more than the founder of an educational institution. Born in a middle class family in Kollam on 12th January 1897, he had the unique distinction of being one of the world's biggest employers. His family proudly traces their ancestry to Malik ibi Deenar, a legendary Islamic missionary who came to India in the 8th century. Another ancestor of the later generation was Sheikh Ali Hassan Musaliar, entombed in the Sheikh Masjid at Karunagappally. Janab Musaliar is being the 12th in the line after him.

Janab. Thangal Kunju Musaliar's name conjures up memories of an era, when Kollam dominated the cashew export trade in the 1940s and 50s. He was the pioneer of the cashew industry in Kerala and through his meticulous vision and impeccable planning, he built up a vast business empire. He played a pivotal role in contributing the much needed foreign exchange to the state. He founded social and philanthropic organizations. He wrote books. He started a newspaper. During the Second World War, when food became scarce, he used his personal resources to carry out large scale agriculture. In the 1950s, while at the pinnacle of his business career, Janab Musaliar became preoccupied with thoughts of how best he could provide

education to the new generation for the better development of the society. As a man of remarkable vision, he foresaw the tremendous importance of education in the years to come and this culminated in the formation of T.K.M. Educational Trust in 1956. The first institution of the Trust was the very first engineering college in the private sector in Kerala. Less than a decade after founding the engineering college, feeling the need for an Arts and Science college, Janab Musaliar oversaw the establishment of T.K.M. College of Arts and Science, one year before his unexpected demise. Though robbed of the Founder's personal guidance and patronage, the college, under the able administration and intendant of his eldest son Janab. Shahal Hassan Musaliar, soon grew in stature scripting its own saga of excellence.

The life of Janab Musaliar exemplifies greatness in its true sense. Several of his initiatives and achievements in trade, industry and education have assumed astounding and prophetic significance in the changing national and global scenario. In recognition of his invaluable contributions to the nation, the Government of India released a commemorative postage stamp in his name.

Today, as the academic opulence of T.K.M. educational institutions continue, we see the unmatched success of a visionary statesman and multifaceted personality, late Janab Thangal Kunju Musaliar, who fulfilled his noble dream of empowering the society through education.

Dr. T.K. Shahal Hassan Musaliar

T.K.M. College of Arts and Science, the venerable citadel of learning envisioned and founded by Janab. Thangal Kunju Musaliar, the cashew king of Kerala, is now turning the 50th glorious annal of its academic journey. We have always believed that education has a crucial role to play in reforming society by inculcating values into the minds of the younger generation, alongside academics.

The last 50 years of the institution has witnessed the efflorescence of academic exuberance and achievements that stand the test of the time. It is gratifying that the institution has succeeded in augmenting the human resource reservoir of the nation in a spectacular manner and that the alumni of the college adorn innumerable illustrious positions across the globe.

I exhort all the members of the Arts and Science college family to rededicate themselves to their academic endeavours.

Vision

The vision of T.K.M. College of Arts and Science is to achieve supreme excellence in academic and nonacademic areas, without compromising on institutional responsibilities to the society as a whole, in particular to the socially and economically disadvantaged sections, with special reference to the region in which the college is located

Mission

It will strive continuously to provide an environment for the finest teaching and the finest research in the country and try to evolve into an intellectual and cultural nest for students of diverse ethnic, social, religious and linguistic backgrounds, especially the marginalized sections of the society such as the Muslims and the Dalits.

T.K.M. College of Arts & Science

T.K.M. College of Arts and Science, established in 1965 by the Founder Late. Janab A. Thangal Kunju Musaliar, is an acclaimed citadel of learning in the city of Kollam. Re-accredited by NAAC in 2013 with an 'A' Grade, which bears testimony to its potential for excellence, the institution today commands an unparalleled prestige in the academic community.

Right from her inception, the Arts and Science College has earned a renown for discipline and academic eminence. Utmost care is taken to impart quality education. In addition, the college gives paramount importance to character formation and holistic development of the students. The diligence and enthusiasm evinced by the academic fraternity of the college help the students realise their aspirations. The enormous number of students who pass through the portals of this institution adorn numerous meritorious positions in life and this testifies to the unique distinction the institution has sculpted out for herself.

Life at T.K.M.CAS is a rewarding experience for the student community. The bustling and vibrant campus is consonant for extracting the quiescent academic, artistic, cultural, literary and creative talents of the students. We groom a community of luminaries for a future firmament. The campus has students from all sections of the society and it is focused on meeting their diverse needs.

The core values upheld by us are honesty, moral righteousness, compassion for the fellow beings, faith in the Supreme and above all, a relentless pursuit of academic excellence through dedication and hard work. Learning, sharing and caring are our watchwords. The college aims at the creation of a community of students empowered and equipped with knowledge, skills and values, who would contribute effectively to nation building. We groom young men and women to make them capable of becoming agents of transformation and

progress at different walks of life.

Presently, we have ten UG programmes and six PG programmes under the regular aided scheme. There are three research centres functioning in the institution. Our various add-on and continuing education programmes give our students adequate exposure to different disciplines and enhance employability.

Social Service/Extension activity clubs conduct a wide range of activities every year which are aimed at nurturing the latent talents of students and making them socially responsible citizens. The institution follows several special practices such as bridge courses and remedial courses to take care of both weak and bright students. Prime importance is given to activities such as peer teaching, group learning, project preparation, seminars and industrial visits to enhance the skills of students at multifarious levels. The institution strictly adheres to the principle of equity and inclusiveness, particularly in taking care of girl students and socially disadvantaged sections of the society.

Today, there are few peers to T.K.M.CAS, whether it is student discipline or academic excellence. Moreover, the college is proud to be a beacon of hope for the deserving yet socially and economically challenged students, a policy that was envisioned by our beloved Founder Janab Thangal Kunju Musaliar. Among its many recent firsts, T.K.M.CAS has been re-accredited by the NAAC with an 'A' Grade. The college has a glorious history of 50 years of academic opulence and celebrated its one and half year long golden jubilee in a befitting and indelible manner. The golden jubilee celebrations were inaugurated in 2015 by the then Chief Minister of Kerala, Sri. Umman Chandi and the valedictory ceremony was inaugurated in 2017 by the Honourable Chief Minister of Kerala Sri. Pinarayi Vijayan. Passing its golden jubilee, this citadel of knowledge is still engaged in moulding the posterity.

**Prof. Shajitha S.**

Principal

Let me open my words by paying homage to our founder, Janab. Thangal Kunju Musaliar, whose vision and mission continue to inspire us every moment. I am never tired of repeating that the one word that is dearest to us is excellence. Our dream is to reach the acme of supreme success in academic and non-academic spheres. Along with excellence, we aim at inclusiveness. We have dedicated ourselves to the cause of the socially and economically disadvantaged sections of the society.

We cannot afford to forget what our beloved founder taught us when he envisioned that the institution has to be rooted in the soil of the society from which it has sprung. We think global, but we act local. I am happy that the Arts and Science College family continues to strive to attain the goals of the institution with exemplary dedication and commitment.

SRC-NSDT Training Partner

TKM College of Arts and Science is an SRC (State Resource Centre) campus affiliated to the National Skill Development Training Programme (NSDT). Through this programme, the institution aims to provide a spanning learning experience to students by offering advanced skill development training in various sections. The main objective of this venture is to make available high quality education to the backward or downtrodden categories.

Continuing Education

TKM College of Arts and Science is training partner of the Centre for Continuing Education, Kerala, which is affiliated to the Higher Education Department, Government of Kerala. As a training partner, the institution offers courses which are dedicated entirely to the growth and development of technical education, industry, business and social amelioration.

Golden Jubilee Civil Service Coaching Centre

In connection with the golden jubilee celebrations, the institution started a Civil Service Coaching Centre for those students who are aspiring and industrious. Student to this coaching endeavour are selected through aptitude test to ensure their quality and competence. Eligible faculties from the Civil Service Academy of Kerala engage classes. Faculties of this coaching programme include Philip K.K., Unnikrishna Kartha, Umman Varghese, Abdul Safeer, Jithin Krihnan, Sandeep S.Nair, Anand Krishnan, Swaraj S., Pradeep P.S. and Jith.

Internal Quality Assurance Cell (IQAC)

The IQAC of the college was constituted in 2004 on the basis of the suggestions made by the NAAC peer team as part of the accreditation process. It is the supreme academic body of the institution which monitors, evaluates and inspires the academic processes, and attempts to enhance quality and raise the institution to the highest levels of excellence. The IQAC has been reconstituted in 2015 with thirteen members. Dr.A.Raghu, Dept. of English, is the present Co-ordinator. Dr.Boby T Edwin, Department of Botany is the present Secretary-in-charge. Internal Quality Assessment Reports are prepared by IQAC. Two annual report was submitted to NAAC after 2013.

Functioning of the college is reviewed and monitored by advisory bodies like the College Council, the Discipline Committee and other advisory bodies.

SWAYAM NPTEL Local Chapter

NPTEL

SWAYAM is India's own MOOCs platform offering online courses on all disciplines. It is initiated by Government of India and designed to achieve the three cardinal principles of Education Policy viz., access, equity and quality.

The objective of this effort is to take the best teaching learning resources to all, including the most disadvantaged. SWAYAM seeks to bridge the digital divide for students who have hitherto remained untouched by the digital revolution and have not been able to join the mainstream of the knowledge economy.

SWAYAM is an indigenously developed Cloudbased IT platform that facilitates hosting of all the courses, taught in classrooms from 9th standard till Post-Graduation to be accessed by Anyone, Anytime, Anywhere free of cost. All the courses are interactive, prepared by reputed teachers in the country and accessible through computers / mobilephones.

SWAYAM courses enrich the learning experience by using audio-video and multi-media and state of the art pedagogy / technology.

The courses hosted on SWAYAM are in 4 quadrants -

- video lecture
- specially prepared reading material that can be downloaded/printed
- self-assessment tests through tests and quizzes and
- an online discussion forum for clearing the doubts.

National Coordinators of SWAYAM:

- AICTE (All India Council for Technical Education)
- NPTEL (National Programme on Technology Enhanced Learning)
- UGC (University Grants Commission)
- CEC (Consortium for Educational Communication)
- NCERT (National Council of Educational Research and Training)
- NIOS (National Institute of Open Schooling)
- IGNOU (Indira Gandhi National Open University)

- IIMB (Indian Institute of Management, Bangalore)
- NITTTR (National Institute of Technical Teachers Training and Research)

Courses delivered through SWAYAM are available free of cost to the learners, however learners wanting a SWAYAM certificate should register for the final proctored exams that come at a fee and attend in-person at designated centres on specified dates. Eligibility for the certificate will be announced on the course page and learners will get certificates only if this criterion is matched.

T.K.M. College of Arts and Science has been established as SWAYAM - NPTEL Local Chapter on April 23, 2019. Every year we conduct Seminar/ Workshop for students and faculties in order to create awareness about SWAYAM - NPTEL online courses.

Practical sessions in the workshop

Mr. Parwin focused on the acquisition of soft skills and presentation skills and how they could complement the existing skill sets of the participants. Attempts to understand and improve their communication styles were also made. The formal sessions took a more serious turn with the 2nd day

wholly devoted to introduce, create and discuss new entrepreneurial paths to face an uncertain future.

The programme ended by 4.30 pm. The workshop proved immensely valuable especially to those who had an eye for career progress.

One day Workshop on Faculty Intervention in Control of Vector Borne Diseases

One-Day Faculty Development Programme was organized by the Department of Biochemistry in consortium with the Internal Quality Assurance Cell (IQAC) of the college on 3 January 2019. The programme titled Faculty Intervention in Control of Vector Borne Diseases was enriching and intellectually stimulating for the participants. Prof. Shajitha S., the Principal of the college, inaugurated the programme and gave an introductory remark.

The keynote address of the programme was given by Suresh T, District Malaria Officer, Kollam. The session included talks on Vector Borne Diseases, Preventive Measures, initiatives like NVBDCP, NCBI and so on. The platform was then open for discussions.

The programme received wide appreciation from the participants as it gave them an exposure to various realms on the topic. Dr. Ansil P.N., the IQAC member, proposed vote of thanks for the programme. It concluded at 1 pm.

FDP on Accreditation Indices: Enhancing Quality through Outcome Based Education

Internal Quality Assurance Cell (IQAC) organized a seven-day Faculty Development Programme (FDP) on the various matrices of Quality Information Framework (QIF) in the NAAC manual in the context of T. K. M. College of Arts and Science entering the third cycle of NAAC assessment. The FDP was arranged to familiarize the faculty members and administrative staff with the revised NAAC manual. The FDP was conducted in two stages:

Stage I –The first stage of the FDP was handled by Dr. E. Prasad, Dr. Richa Varma and Dr. X. Vijayan from 03 Jan to 05 January 2019. Dr. Prasad addressed the various aspects of Outcome-Based Education in two- hour sessions with two such sessions each day. The third day (5th January) was entirely devoted to exercises allotted to faculty members to assess their understanding of the basic principles of Outcome-Based Education.

Making Calculation Easy - An Introduction to Excel

A one-day Administrative Training Programme was organized by the Internal Quality Assurance Cell of the college on 29 November 2018 on the topic 'Making Calculations Easy - An Introduction to Excel'. The programme was inaugurated by the Principal of the college Shajitha S.

Dr. Finser K Muhammed, Assistant Professor of Islamic History, TKM College, explained in detail the basics of Excel, Spreadsheet Tools, and detailed how Excel is useful in recording and analysing numerical and statistical data. The lecture provided ample background of each concept and stressed on the fundamental areas to ensure that the faculty learn it completely and re-implement the concepts when required.

The concluding session was very interactive with the discussions among the participants. The session culminated at 2 pm with a vote of thanks given by the HOD of Islamic History Department.

Hands on Training in Latex

IQAC, in association with the Department of Physics of the college, organized a one-day faculty training program on 23.10.2018. The thrust area of the program was to provide training in Latex, and the resource person was Dr. Mohammed Salim M, Assistant Professor, and Department of Physics. The training started off with the inaugural speech by Dr. Smitha P G.

An insightful lecture was given by the resource person. He provided an introduction to Latex. 'Latex is a high quality typesetting system; it includes features designed for the production of technical and scientific documentation widely used in academia for the communication and publication of scientific documents in many fields including mathematics, statistics, engineering, chemistry, physics, economics etc.'. He highlighted the difference between latex and word processing software. In the hands-

on session, he demonstrated how to use the basic tools required for typesetting documents in Latex. In addition, during the same, participants were able to prepare their first text document using latex.

Then the session was dedicated to providing hands-on training to the participants on plotting data from external files. The data plots were then

customized according to the requirements of authors.

Later, sessions were devoted to interaction with participants on their experiences about the workshop.

Their feedback was received regarding the conduct of the workshop, content and expertise of the organizers. The event was a great success as it opened up innovative pathways to the participants.

Training in C++ Programming

IQAC and the Department of Physics of the college jointly organized a professional development program Training in C++ programming on 4.10.2018. The program was exclusively for the faculty members of the Department of physics. The resource person of the program was Dr. Mohammed Salim M., Assistant professor, Department of Physics, TKM College of Arts & Science. The program was conducted at the DST FIST computer lab of mathematics department. The program includes a lecture on C++ programming and a practical training on the same. The main topics covered were introduction to Object oriented programming, Online compilers, data types, variables, operators, conditional execution, classes, objects, and functions. All the faculty members attended the faculty training program. The program started at 10.00 am and concluded at 1.00 pm. There were a hands-on training session in the afternoon.

Scholar Support Programme (SSP)

Scholar Support Programme (SSP) started functioning in the institution since 2014. The programme envisages to extend support to students of under graduate level with timely assistance in terms of tutorials, additional lectures, interactive sessions, question banks etc. Students who have obtained less than 60% of marks in qualifying examination or in any subject for each semester can join for the Scholar Support programme. Feed back of students and their performance will be reviewed.

SSP programme has been implemented by The Directorate of Collegiate Education. Funds are allotted to the implementation of the programme for forty selected students of the college. The SSP programme was effectuated during 2018-19 as well. The inaugural session of SSP at T.K.M. college of Arts Science was chaired by the principal Prof. Shajitha S. Apart from students, the session was also attended by resource persons such as Prof.Rohini Krishna M.V.(Dept.of Zoology), Prof. Jeena R. (Dept.of Commerce), Prof. Ajiinza A. (Dept.of Biochemistry), Prof.Finser K Muhammed (Dept.of Islamic History), Prof.Shafana Shaffi (Dept.of English) and the Co-ordinator of the programme Dr. M.J .Sheeba (Dept.of Botany).

A meeting of resource persons along with the Principal and the Co-ordinator of SSP was held on 27-9-2018. As per the decision taken on the said meeting, classes were arranged only on morning and evening (9 am-10 am and 4 pm-5 pm).The first semester classes started on 3-10-2018 and ended on 4- 12-2018, and that of the second semester commenced on 22-1-2019 and ended on 28-2-2019.

All proceedings of the appointments relating to SSP were done by the Principal of the College. Students were issued with feedback forms, and were instructed to dully fill them. Four learning skill classes were taken by Fresnal Das, Assistant Professor, Department of Psychology, F.M.N.College, on 23-2-2019 . Thirty two life skill classes were held by Safeena Bai A., SDE, ASAP and Geethu Prasanth, SDE, ASAP. Twenty four IT Skill classes were taken by Lube E, Lecturer in CSE ,CAS, Kundara and Nithin S. Lecturer in Ele, MPTC ,KNDY.

Allmost all students of SSP participated in the general mentoring classes arranged by the principal. The fund allotted to utilize for SSP 2018-19 was 85,500. The total amount was fully utilized before 28-2-2019, and the statement of expenditure and utilization certificate along with duplicate receipts has been submitted to higher authorities for further verification.

DST-FIST

Ministry of science and technology has sanctioned the DST-FIST project to our college at a total cost of Rs- 92,00,000/- to strengthen the research and teaching facilities for various departments. A Project implementation Committee was constituted in the college, with Jb. T. K. Jalaluddin Musaliar (Project Chairman), Prof. A. Hashimudeen (Chief Co-ordinator), Dr. S. Anas (Convenor), Dr. P. K. Manoj (Member PIC), Prof. V.K. Adersh (Member PIC), Dr.S.Sumalekshmy (Member PIC), Prof. Narayana Prasad (Member PIC), Prof. L.R. Aparna (Member PIC). The project implementation committee has taken all the initiatives to implement the project facilities in our college which was released under the three budget heads (1) equipment (2) infrastructure (3) networking. All the sanctioned equipments were installed in the college in various departments, Chemistry, Physics and Mathematics.

With the sophisticated research equipments, the college started a service oriented 'Research

X-Ray Diffractometer

Consultancy Service' (TKMCAS-RCS) to serve the students/researchers/faculties/ other academic communities with the most advanced research instrumentation tools, which were unattainable to them, due to the lack of costly instruments and heavy analysis cost. This service further aims to nurture potential collaboration among educational institutions, research centers, R&D labs and industries. The utilization certificate, statement of expenditure and the report of the project has been submitted to DST, Govt of India.

Department of Arabic

Non-Muslims as well as foreigners such as Bhutanese students are now opting for Arabic as second language, taking into consideration the international significance of the Arabic language. The Department of Arabic deals with the teaching of Arabic at the UG level as second language. It has very good syllabi to prepare the students to compete with the candidates belonging to the international level. The aim of the Syllabi is to develop the communication skills and inculcating values of communication among the students and to sensitize the student to the aesthetic, cultural and social aspects of literary appreciation and analysis.

The Arabic Department is a one-man department. Mr. E. Najeem is the only faculty member. He is one of the members of Board of Studies in Arabic (PASS), University of Kerala since 2012. The following steps were taken, so as to improve the facilities of the Department.

1. A reading corner was established in the department room. There are more than 150 references books in the reading corner.
2. Document translation and Arabic consultancy services were strengthened.

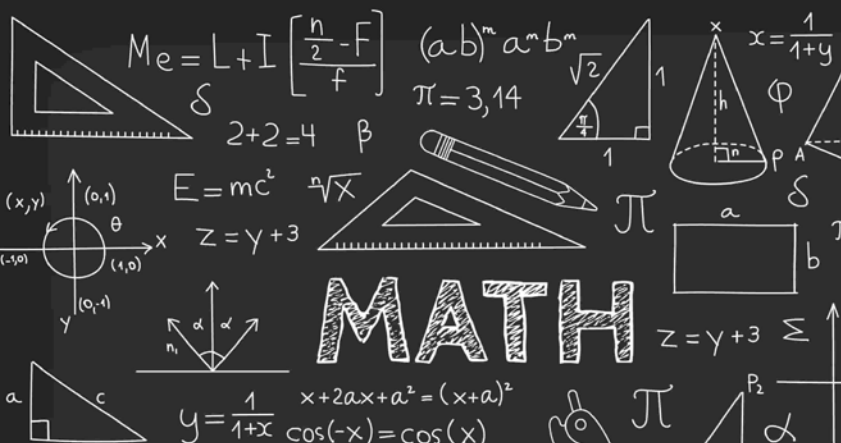

3. The department played a significant role in the publication of the college Magazine.

Taking into account the scores in the University exams of the students in Arabic (Second Language), it is clear that the department has done its best and statistics speak for themselves, 80% students scored A Grade, 15% scored B Grade and the rest scored C Grade in the University examinations.

The Department of Arabic is one of the departments which render maximum service to the general public, even though it is not a full-fledged department. A number of people from the district of Kollam work in the middle East where official papers including Visa, Appointment orders, Driving Licenses, Certificates and such other official papers are printed only in chaste Arabic which was difficult to get translated. And Mr. E. Najeem is an expert in the job of translating these materials.

Apart from his academic activities, Mr. Najeem is very active in the co-curricular activities of the college. He has also the role of Staff Advisor, P.T.A. Secretary, Member of Advisory Committee of National Service Scheme, Co-ordinator of internal examinations, Returning of Officer of College Union Election, Convener of Ethics Committee, and member of College Council and Discipline Committee.

Post Graduate Department of Mathematics

About the Department

Department of Mathematics established in the year 1980 has glorious history of 37 years, and has been upgraded to post graduate department in the year 1982. The main objective of the department is to provide quality education in Mathematics so as to bring the department as one of the best centres of mathematics in Kerala.

MAJOR EVENTS

Consultancy Services

The major research instrumentation facilities of our research centre, like UV-VIS-NIR spectrophotometer, FTIR Spectrometer, were extended to the internal and external student's communities, scholars and faculties, for the research consultancy, extension and outreach programmes. It mainly aims for nurturing potential collaboration among educational institutions, research centres, R&D labs and industries. Records of the stakeholders are maintained in the department through official registry entry.

College Library

About the Library

TKM College of Arts and Science has a comprehensive library. The library has computerized its operations and services using an Integrated Library Management Software (ILMS). The Online Public Access Catalogue (OPAC) and Mobile Public Access Catalogue (MoPAC) enable the users to search books and other materials by author, title, subject, publisher, keyword, call number and accession number from anywhere in the campus. The library houses more than 33000 volumes covering various subjects in English, Hindi, Arabic and Malayalam. The library subscribes to more than 100 printed periodicals including research journals and magazines.

The library has a state of the art digital collection with high speed internet connectivity. This would ensure seamless access to up-to-minute information, which is crucial in this 'information age'. The digital library provides access to more than 6000 online journals and 31 lakh e-books through UGC N-LIST and to thousands of Open Access Journals and databases.

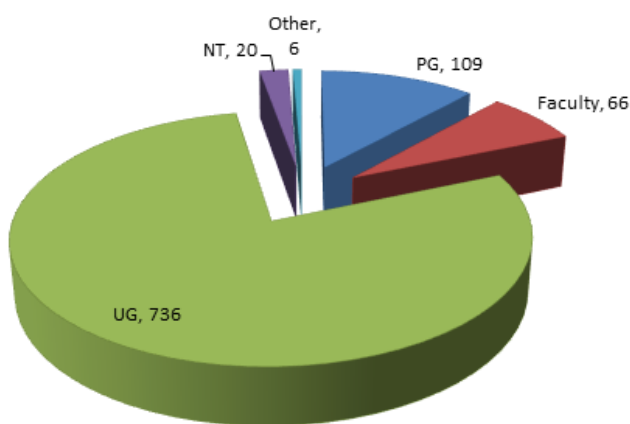

In addition to the conventional services like lending, reprography and reference services, the library has introduced many value added services such as Career Support, Inter Library Loan, Online Information Delivery, E-Mail alert and online renewal system.

USERS (Members) of the Library

Figure 1 shows the category-wise list of library members in 2018-19. 78.54 percent (n=736) of the total members are undergraduate students and PG students are 11.63 percent (n=109).

Membership 2018-19 (Total = 937)

Figure 1: Library Members

Growth of Library Membership

Compared to previous years, membership of Under Graduate students has been increased (Figure 2). It was only 105 students enrolled in library in the previous year, it increased to 937 in this year. The growth in the membership was due to the orientation programs conducted by the library at the beginning of the session. But there are many other students who are not enrolling in the library and this issue may be addressed in future.

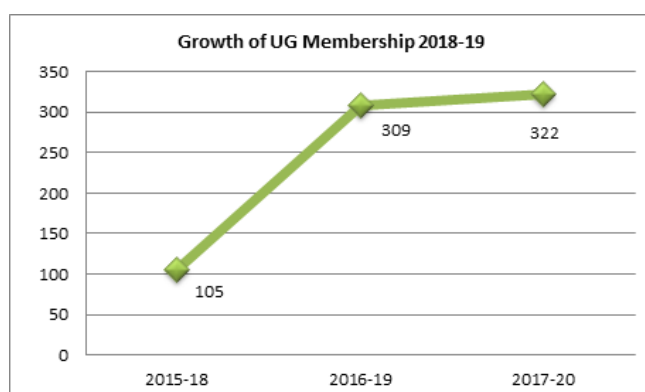

Figure 2: Growth of UG Membership

Department Wise Membership Pattern

The department wise analysis of membership of UG students admitted in 2018 shows (Figure 3) that the department of mathematics (n=47) is the highest followed by BCOM Computer Application (N=39) and English (n=38). The data indicates a need of repeated orientation for the graduate students in library and information use.

Online Document Delivery

During the report period, 80 research papers and 10 PhD Theses have been delivered over E-mail to faculty members.

Library Automation

The college library is automated with KOHA open source integrated library management software by converting the database from old software BookMagic.

Library Orientation Programmes

The library organised orientation programmes for first year UG students. The program was led by the librarian, and conducted as ten different sessions of one hour duration for each department.

The objectives of the library orientation programmes were to train the students to effectively use the library and to introduce various print and online information sources available in the library.

Information Literacy Programme

Library organized six information literacy programmes for Post Graduate students from different disciplines. This program enables the students to use electronic databases and online information tools in their respective subjects effectively. A detailed training on UGC N-LIST is given to each student. The information literacy programme is conducted at the digital lab as hands-on practical workshop.

Achievements

The librarian attended the following professional programmes in the report period.

Dr. Mohamed Musthafa, the librarian presented a paper on “Developing and Raising research profile” in a “workshop on design of course modules for college libraries” at Kerala Agricultural University, Thrissur.

Media Club

Creative writing plays a significant role in reforming our society. The Media Club of T.K.M. College of Arts and brings out a monthly newsletter titled 'Outspoken' which provides the students with an effective platform for creative writing. The year 2018-19 saw a marked change in the ways students contributed to Outspoken. They enriched the pages by bringing in book reviews and thought-stimulating creative pieces. They also brought out an Annual Edition of the Outspoken, incorporating the best articles and poems from the previous issues. Through the pages of Outspoken, our students have been able to experience original thinking, critical thinking and self-expression. Moreover, the efforts taken by the student co-coordinators of the club have inspired the other students to contribute to the newsletter in myriad ways. They learn to use their imagination to share human experience.

Another significant contribution of the Media Club of the institution to the student community is 'Cyber Canvas', an online forum where the students post their creative works, which includes poems, stories, etc.

Literary Club

The primary agenda of the Literary Club in the year 2018-19, as in the previous year, was to nurture and enhance the creative and literary talents among the students. The Book Exchange Programme was continued this year as well. Some of the literary works included in this year's Book Exchange Programme are given below:

- Michael Connelly's Harry Bosch series
- Paul Auster's The New York trilogy
- K. R. Meera's Hangwoman
- T. D. Ramakrishnan's historical fiction in Malayalam
- Vikram Chandra's Sacred Games

Another important activity of the Literary Club in the year 2018-19 has been to collect creative writing material from students across disciplines and displaying it on the Department of English notice board. The students responded enthusiastically to this activity initiated by the Club and works by Selma A. S. (II MA English), Hasna Zakeer Hussain (S6 English) and Neelima S. (S6 English) were met with appreciation.

Women's Studies Unit

Women's Studies Unit of TKM College of Arts and Science was set up as a result of University of Kerala, Centre for Women's Studies' response to address women's concern in higher education. Since then Women's Studies Unit has taken initiative for the development of the women community in the college by conducting various programmes and activities.

The unit conducts training programmes on a variety of art and craft. On Saturdays, training is given to the students of the unit on fabric painting, textile printing, glass painting, pot painting, and they are assigned with cross stitch and quick stitch kits to improve their talents. Along with, sessions on sari designing and churidar designing, sequence works on either of the dresses are taught. Students are also encouraged to do bead work, embossing, liquid embroidery and aplica work on cloth of different materials. Designs as well as raw materials are provided for the same. Another main attraction of the classes are muffler making, both using the frame and knitting needles.

Students are also provided with training on flower making using different materials ranging from fancy papers, socks cloth, organdy cloth and tissue papers. The use of waste papers, polythene covers and bottles for making flowers and baskets, generates in them the idea of reuse of such waste materials into a creative and useful means. This is considered as a best practice in management of such waste materials. Tile work, pot painting and decoration is assigned to students as a take home activity.

The International Women's Day was observed on 8 March 2019. Debates and discussions were

conducted on a weekly basis by the students of the unit on local issues and empowerment of women, and these activities are mediated and presided over by the convener of the unit. Classes were organized on health and Hygiene by the unit.

The unit has undertaken a programme in association with Vanitha Shishuvikasanavakuppu (Women and Child Development Department) based on the women issues. A poster competition was also conducted as a part of this programme. A poster presentation was conducted by the students on 8th of March 2019 as part of observing International Women's Day which was inaugurated by Principal Prof. Shajitha S. On 14th of March 2019, the students have participated in an event organized by the Women Cell 'Mitra 180' as a part of International Women's Day. The chief guest for the inauguration was Shahida Kamal, Member, Kerala Women's Commission and an invited talk was delivered by Adv. Niza Fazil.

Health and Hygiene issues are a major one that are to be taken seriously. As part of it, an initiative is taken by the unit to conduct an Interactive Talk on the topic "Common Problems in Adolescence Age" by Dr. Namitha Harilal from the Gynecological Department, Victoria Hospital, Kollam on 23rd March 2019. In this programme, students effectively interacted by asking their doubts and the doctor answered to selected thirty questions.

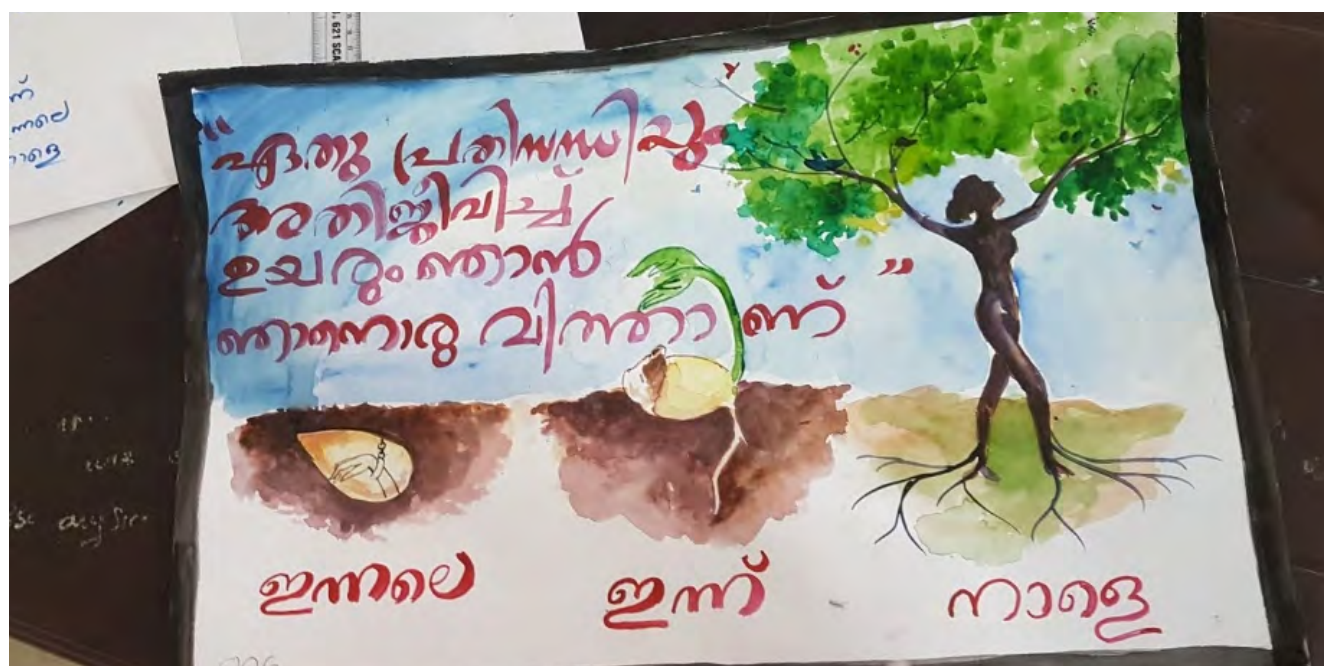

The unit is looking forward to inculcate more training programmes and other activities for enrichment and enhancement of the Women community both mentally and physically.

Electoral Literacy Club

Electoral Literacy Club is a platform to engage students, through interesting activities and hands-on experience, to make them aware of their electoral rights and familiarize them with the electoral process of registration and voting. Activities and games are designed in such a way that they stimulate and motivate students provoking them to think and ask questions. Through ELC, Election Commission of India aims at reinforcing the culture of electoral participation among young and future voters.

Electoral Literacy Club in our college was formally inaugurated by the Principal, Prof. S. Shajitha on 23/10/2018 at Seminar Hall. The awareness class conducted after the inauguration instilled the

students on matters such as enrolling their names in the electoral roll by using a mobile application developed for this purpose. Sri. Jayaprakash, Deputy Tahasildar, Kollam, was the chief resource person for the class. The club was formed to give awareness on electoral process in the country to the students and other sections of the society who are intact on electoral matters. The programme was conducted under the aegis of SVEEP (Systematic Voters' Education and Electoral Participation). Prof. A. Firoskhan, Department of Commerce, is the nodal officer of the club. Sri. Jijas Hussain, S2 B.Com. Finance, is the student convener.

Human Right Forum

During the academic year 2018-19, Human Right Forum managed to arrange distinctive activities for the students. They include conducting debate on relevant topics, posture presentations, and discussion on social issues. Significant positive changes were observed in many of the students who were quiescent before joining the club. The forum generally intends to focus on the skill development qualities and behavioral modification of the students,

with an apparent improvement of personality.

Students were made aware of the human rights violation that covers ground labor law, extra judicial killing, sexual violence and LGBT rights violence and discrimination against women, children and minorities.

The Presidential address was made by Mohamed Zameel, the Arts Club secretary. Following this, the union report was submitted by Adwaid. P, General Secretary of the union. Felicitations were offered by Sidhique S, the college union Chairman.

A major highlight of the event was the prize distribution for the winners in the fields of arts and sports. Dr. Shershah, Associate Professor in Physical Education, announced the winners of the annual sports meet, and the students who excelled in university and inter university tournaments were also honoured. The Yellow house (Zoology and Mathematics) bagged the first prize in sports and games followed by the Green house (English and Botany). Blue house (Physics and Islamic History) won the first place and Green House secured the second position in the arts competitions. Various cultural events of the students and a DJ programme were held after the prize distributions.

The students of the college made a marked presence in the University Youth Festival 2018-19, by their active participation in solo and group events including Oppana, Folk song and Duffmuttu. The college won the third place in the Oppana competition. The Oppana team comprised the following students:

Shibina S., Saranya S., Hasna Nazeer, Amina S., Rahmath Beevi S., Nasrin N., Sidana S., Krishnaveni S., Aiswarya S., Risana S.

Planning Forum

Planning forum consisted of 44 students from S4 B. Com Computer Application and S4 Biochemistry. Planning Forum is an academic platform for the students who are interested in the subjects of Management, Commerce and Development Economics. This ensures enrichment of knowledge of students in this field through activity based programmes. Planning Forum helps to create an awareness of the need for planned development of the country among students. It also helps to stimulate the interest among the students in intellectual and academic activities by conducting debates, organizing discussions on economic problems and arranging occasional lectures by eminent figures. The major activity of Planning Forum during the year is a Survey on Water Harvesting and Waste

Management, the data of which is collected through a questionnaire from 100 sample representatives of the local population. The consumption of water, source of drinking water, data regarding the depletion of ground water level for past 10 years, degradation in quality of well water during last 10 years and any attempts of harvesting rain water during previous years etc were collected regarding water harvesting. Data on waste management is collected with specific emphasis on plastic wastes, especially plastic carry bags and plastic packets of milma and other packaged milk, packaged provisions, etc. After data collection, a detailed report with specific remedial recommendations will be submitted by the students before the District Collector, Kollam. Students were given activities as follows.
